- M. i. edition*
D Bakker has gone through all the pages. His valuable observations are copied and added to this bulletin.

NEW DISCOS:

D Bakker is in the near future publishing a DE disco 1936 - March, 1940, thus leading right up to the "Wax Works" March '40 - July '42 volume.

The next "Wax Works" volume is in the printing stage. A very limited preview edition will be issued ahead of the regular 1st edition. We will keep DEMS members informed.

NEW RELEASES:

L Sanfilippo says there will be a third Joyce LP issued with material from the March 25, 1945, Civic Opera House concert. Joyce will also in June release a "complete performance from Club Zanzibar, Sep 21, 1945", and a portion from the Click, Sep 22, 1948.

From RCA(F) comes information there is a new Duke LP in preparation: "UP IN DUKE'S WORKSHOP", Pablo 2310815.

"The Works Of Duke - Complete Edition - Volume 23 - is now released and contains everything from "A Gathering in a Clearing" up to and including "Royal Garden Blues" (all takes are take -1). RCA(F) PW-42415. *H.L.*

"Duke Ellington at Fargo, 1940, Live", a 3LP-Set, is obtainable from Book-of-the-Month Records, Camp Hill, Pennsylvania 17012, U.S.A. Thirtyfive of the selections have been preserved in the album, book-of-the-Month Records 30-5622.

Concerning the earlier mentioned "DUKE ELLINGTON 1899-1974" box with 5 LP:s both L Sanfilippo and K Stratemann have further knowledge concerning the selections in there. Sanfilippo says the studio recordings are from Bell Sessions on July 3, 24 and 25, 1962. Stratemann tells he's informed that the balance comes from concerts in Sweden ("during various tours"). When more precise identifications are carried out further news on the subject will be passed on to the DEMS members.

 Quite a job Bakker has made there. Only further comment on the above concerns entry 4108 where Dick says to delete VPS/VPM-6043-2. This album (a two record set) is however quite familiar. It is called "THIS IS THE BIG BAND ERA". Furthermore you can look at the back side of the "This Is Duke Ellington" two record set, VPM-6042, for further details concerning the contents (at least this is true for the U.S.A. issue).
